CONSEILS DE NETTOYAGE

CLEANING TIPS

Pas de nettoyage nécessaire en plafond.

Ceiling installation does not require any maintenance

Utiliser uniquement une microfibre.

Use Microfiber only.

Ajouter un peu d'eau si besoin.

Add drop of water if needed.

CONSEILS DE RÉPARATIONS

REPAIR TIPS GUIDANCE

PLIS OU ENFONCEMENTS WRINKLES OR BLISTERS

Chauffage au décapeur thermique à 200°C à 10cm de la surface ondulée ou enfoncée. Faire de petits mouvements circulaires sans insister sur la zone. **Nous conseillons le Makita HG 5012 en vitesse 2. (Matériel non fourni.)**

Use heat gun set at 200°C maximum, 10cm from the mirror surface. Use circular motion without forcing on the zone.

We suggest the Makita HG 5012, speed level 2. (Not provided)

PERFORATIONS PERFORATIONS

Utilisation de patchs en toile polie miroir à coller par dessus la zone perforée du miroir.

Service client: +33 1 88 32 99 52

Use mirror polished patch on the perforated area of the mirror.

Client service : +33 1 88 32 99 52

ESTHÉTIQUE AESTHETICS

Création d'un trou par collage d'une rondelle polie miroir (*diamètre de 100cm max.*). Peut être placée n'importe où (*sauf traverses*) pour le passage de câbles ou intégration lumière.

Service client: +33 1 88 32 99 52

You can create opening by sticking a mirror polished steel washer anywhere on the surface except near stiffeners and frame.

Client service : +33 1 88 32 99 52
